

You don't understand  
No, you're not the man  
You said "I'll be here, will you come back?"  
Go, go two times  
Come back and live with me  
Go, go twice  
Say what you say for me

I'm crazy for you  
What can I do?  
I don't care, walk all over me 'till I'm black and blue  
Go, go two times  
Then come back and live with me  
Go, go twice  
Just come back this one time for me

You took back the ring  
You're clipping my wings  
You said, "I'll be here, will you come back?"  
Go, go two times  
Come back and live with me  
Go, go twice  
Say what you say for me  
Go, go two times  
Say what you say for me  
Go, go two times  
Go, go twice  
Go, go two times  
Say what you say
