I Wanna Be A Girl

Ariel Pink

When I was born
Something went wrong
They told me I was lucky
I came this close to being a girl

But I wanna be a girl
Don't wanna be a boy
Put my dress on
Dress how I want
Button-down skirt
Getcha Grey on
I wanna be a girl

A genderless son
Jigglypuff
I got turned on
Gentleman club
I got prayed on

There's more to me than what you see
Just use your eyes
Don't judge a book by its cover
Much to discover (read between the lines)
The ball's in your court
You're up to bat
Invest all your secrets and I'll have your back
[?] on the double
Help, I'm in trouble
I'm in trouble

They told me I was ugly
My anatomy was a tragedy

But I wanna be a girl
Don't wanna be a boy
Put my dress on
Dress how I want
Button-down skirt
Getcha grey on
I wanna be a girl

Wanna be a boy
I wanna be
And I wanna be
And I wanna be
And I wanna be
And I wanna be a girl
Wanna be a girl
I wanna be
And I wanna be
And I wanna be
