

The Bottom

Ariel Pink

Science!

Beaten, brought in,
I've gotten to the bottom

Sixteen, full of fright
Got brought in from the night
She is whispering in my ear
All of my greatest fears, she said:

"Beaten, brought in,
I've gotten to the bottom"

I call her name inside the park
She can't see me, its too dark

I found out just why she whispered
At me, the microphone's sayin':

"Beaten, brought in,
I've gotten to the bottom"

Science!

Beaten, brought in,
I've gotten to the bottom [x8]
