

BOUNTY HUNTER

Aries

Tally up holidays, you can't change
But that don't phase me no more
All your best friends sleep on the floor

Back it up, to my space
More foes; come in all shapes
Brighter days, dying away
God can't save you, my money will

Put a bounty on my head
Bring me in if it'll make you one step closer
In the moment
No joking now (I see you)

I don't see you as a burden
Both my feet gripping the curb
I don't see you act so nervous no more

So many punches to the guts
Kicking up dust
On the fence about it?
Do the muscle-up

Way over here, so far beneath you
I don't wanna talk now, I can't ever read you

Wherever you go I might be
Under your skin like IV
(Bleed it out!)

Does it get you high enough?
Time to waste when you're all by yourself
No more inviting her (-viting her)
Right above

When the price too high (put a bounty on my head)
They cannot say no (bring me in if it'll make you one step closer)
Brighter days, dying away
God can't save you, my money will

Put a bounty on my head
Bring me in if it'll make you one step closer
In the moment
No joking now (I see you)

I don't see you as a burden
Both my feet gripping the curb
I don't see you act so nervous no more

The sun
The moon
It's me
Who believes in you

Stop fucking playing
You playing your goddamn games
And you still doin that same ass shit

Thinking you're gonna catch up man
