

## HOW RUDE

Aries

Backing it up, breaking your neck  
I don't remember if this as far as it gets  
Sometimes you eat it up  
Send flicks to keep me up  
A pint will knock you down  
I'm trying to get it up

Maybe I'm too slow  
I could never go for a swim  
You holler back lukewarm  
Too grown up for the kids

Bitch I can't lose  
I've been inside for days  
How rude

Focus, finally see me eye to eye  
Take it off, shake it for me side to side, yeah  
I am my own planet  
Locked up, no one left standing

Money in the safe, money in the safe  
Ugly by the mouth, barbie in the face  
Won't you freak it out for a minute  
Turn around, I'll probably take an hour or less

Maybe I'm too slow  
I could never go for a swim  
You holler back lukewarm  
Too grown up for the kids

Bitch I can't lose  
I've been inside for days  
How rude

Backing it up, breaking your neck  
I don't remember if this as far as it gets  
Sometimes you eat it up  
Send flicks to keep me up  
A pint will knock you down  
I'm trying, trying

Maybe I'm too slow  
I could never go for a swim  
You holler back lukewarm

Bitch I can't lose  
I've been inside for days  
How rude

I don't wanna hold on, hard to live without you  
Leave the second your done, fucking on the couch  
Austin, Texas, easy A  
Bygones, just a way to keep me safe

And you know my heart race, F1 status  
Hopping out the escalade

I remember 5 star stays, wanna film it all  
Like you run an OnlyFans page

Why you look so serious?  
Never had I been feeling you  
And no, I never liked your face  
You a sidebar, open up the microwave

Let's get cooking, I still got my foot in it  
Your wrist naked, let's flood it  
Could this be what it wasn't?  
My sister, brother, cousin

You fell beyond my time  
And you wish I would've noticed  
Uphill battle forlife  
Your ceiling doesn't show it
