

# Bad Idea

Arin Ray

(Hitmaka)  
(Right Now Sound)  
(Sound)  
Yeah (Yeah)  
Yeah, yeah-yeah  
Oh, oh, mm (Oh)

Star, baby, let me breathe (Breathe)  
Too much all at once, had to take a break (Break)  
Got me on them roads, tryna regulate (Late)  
You know I'm the one, I don't play it safe (Safe)  
Don't want to drown in your water (Woah)  
You had me talking to myself again (Again)  
Tell you the truth, never lie, girl, I'm caught up (Caught)  
Take me to heaven from the hell I've been in

You want the proof, girl, it happens every time (Time)  
Just when I thought I make no mistakes (Mistakes)  
Just when we cross that line (Line)  
Baby, it's written all on your face (Face)  
It's a bad idea to fuck with you when you love somebody else (Else)  
It's a bad idea to take my heart, it belongs to someone else (Else)  
It's a bad idea to fuck with you when you love somebody else (Else)  
It's a bad idea (Yeah)  
It's a bad idea  
Idea, yeah (Oh, yeah)

Yeah, that liquor got a hold on me  
You might take the soul from me  
You've been feeling so lonely  
Come and put that woah on me  
If the phone hit accept, then the tone gon' be set  
But we both gon' regret everything that we let go down, yeah, go down  
So maybe we should slow, yeah, slow down  
You just here for a good time, not for a long time  
Don't get the wrong sign, might be the wrong vibes

Girl, it happens every time (Time)  
Just when I thought I make no mistakes (Mistakes)  
Just when we cross that line (Line)  
Baby, it's written all on your face (Face)  
It's a bad idea to fuck with you when you love somebody else (Else)  
It's a bad idea to take my heart, it belongs to someone else (Else)  
It's a bad idea to fuck with you when you love somebody else (Else)  
It's a bad idea (It's a bad idea)  
It's a bad idea  
Idea, yeah (Oh, yeah)

It's too late now, so forget it  
Goin' straight down, I hate to feel it  
Take a break now, I ain't quitting 'cause we got issues  
We gon' ride this through, yeah  
I'm tryna vibe with you, private view  
Take that off, girl, I promise you  
Said I was done, but I'm next to you again (Again)

You want the proof, girl, it happens every time (Time)

Just when I thought I make no mistakes (Mistakes)  
Just when we cross that line (Line)  
Baby, it's written all on your face (Face, ooh, baby, yeah, yeah)  
It's a bad idea to fuck with you when you love somebody else (Else)  
It's a bad idea to take my heart, it belongs to someone else (Else, it belongs, it belongs)  
It's a bad idea to fuck with you when you love somebody else (Else)  
It's a bad idea (Yeah, it's a bad idea)  
It's a bad idea (It's a bad idea)  
Idea, yeah (Oh, yeah)
