Gold

Arin Ray

Shut the door to the spaceship
Operation "Get Back to the Basics"
Goddamn, she don't know what she means to me
Goddamn, she don't what it seems to be
Yeah

This done got a little crazy
Life is looking like a classic Issa Rae scene
Goddamn, I don't know what this means for me
But I can say what it seems to be
Oh yeah

Has it returned at last, my light, my fire?
Let's enjoy ourselves
Inspired
Gave me something I had to earn
Gotta save that, save that
Gold

Gold, gold, gold, gold
(Gotta save that, save that)
Gold
Gold, gold, gold, gold
(Gotta save that, save that)
Gold

They say I got the Midas touch
Tonight I'll be providing such
On that golden body, oh yeah
You look good to me
Put that pussy right there where my grill should be
You shine more than a diamonds does
And them carats looking bright as fuck
Girl, you know you got it
Oh yeah, that's a queen to me
Put a crown right there for the world to see
Oh yeah

Has it returned at last, my light, my fire?
Let's enjoy ourselves
Inspired
Gave me something I had to earn
Gotta save that, save that
Gold

Gold, gold, gold, gold
(Gotta save that, save that)
Gold
Gold, gold, gold, gold
(Gotta save that, save that)
Gold
