

# Good Evening

Arin Ray

Ahhh

Spliff from the Sunday morning  
We had a lot to say at the moment  
Took a little walk to the shop that was open  
Copped some platinum fire, and papers to roll wit'

It's so beautiful outside  
And you're the reason  
The reason for me  
Blowing kisses to me  
Woo, all day to the nighttime  
Slide the whip to the Bayside  
All that you been giving me is the right signs  
Ain't no fearing us living the best life  
All I need to know is what the sex like  
No clothes and R&B for the next five  
Five, five, five, five, five, woohooowoo  
The love  
Colliding, wohoooo

I say  
Good evening  
I say  
Good evening  
I say  
Good evening, my love  
Ohwooooo
