

Hope It Don't Kill Me

Arin Ray

Thought I seen it all
Didn't know what I was in for
I was hesitant to fall, now I'm diving face first
We don't even know, if this is something that we can afford
Everybody pays for it, up to the clouds we will go and we will soar
We've got the world by the horns, let's explore

I hope it don't kill me, no, no, no, no
I hope it don't kill me, no, no, no, no
I hope it don't kill me, kill me, no, no
I hope it don't-

Uh, yeah
Monday mornin's never stressing
[?] still progressin'
I swear to God that it's the truth
Every moment is a blessing, blessing
She got hella finesse, the bestest
Yo fuck everyone else, we reckless
Take a shot to the chest to test us

I hope it don't kill me, no, no, no, no
I hope it don't kill me, no, no, no, no
I hope it don't kill me, kill me, no, no
I hope it don't-

Whoa
It is the life that they gone' stress after
The type of shit that make lightskins wanna text faster
The type of shit that make ex friends turn they neck backwards
But if I drive by in this whip, you tell me "Yes master"
Watch me and [?] do it
Knock knock, [?] you a door that had no keys to it
You better speak to it, boy you don't even own your soul, you got a l
ease to it
That's why I hope this don't kill me
Goin' out of my way, at the, end of the day
I just hope that I'm still me
I give a damn if you don't feel me, feel me?
Fuck you

Tell me
What- what makes you really fuck with, like really fuck with somebody
like
Like what do you really look for
In a guy
What makes you, makes you smile, makes you cringe
