

# Lonely

Arin Ray

Damn, come on pick up  
I ain't see this girl in weeks, man  
She ain't picking up the phone, fuck  
Come on pick up  
(Hello?)  
Hey

Don't take that personal  
I know I do shit that's just so stupid  
I hurt someone so beautiful  
Over some shit that ain't worth losing

Just remember all the times, we had in love  
So why'd you have to shut me down?

As lonely as I've been (without you babe)  
As lonely as I've been (oh-oh)  
As lonely as I've been (without you babe)  
As lonely as I've been (oh-oh)

As lonely as I've been  
As lonely as I've been  
As lonely as I've been  
As lonely as I've been  
Ooh, yeah

The moral of the story is that I need you in my life  
Like how many times do I say I'm sorry  
Just to keep you as my wife  
I know I was doing wrong, but baby its been too long  
We can survive the pressure  
Listen girl

Just remember all the times, we had in love  
So why'd you have to shut me down?

As lonely as I've been (without you babe)  
As lonely as I've been (oh-oh)  
As lonely as I've been (without you babe)  
As lonely as I've been (oh-oh)

As lonely as I've been  
As lonely as I've been  
As lonely as I've been  
As lonely as I've been  
Ooh, yeah

You'd rather spend your days, runnin'  
Wishing my love away, dummy  
Why are you so afraid, of everything I'm saying  
You know I keep that thang  
Cut me down, cut me down  
Cut me down, cut me down
