Arin Ray

(Aye)  
(It's the count)  
(I like that)  
(Mmm) Yeah, oh

When I see her, she don't sweat, she don't start 'nun  
She got her needs, I take the lead, she get me charged up  
She ain't famous, but when I see her, still I'm starstruck  
She made me boss up  
I done bossed up (Mmm-eh-yeah)  
From what I see, it seems I could get lost here  
It ain't a thing, I'm on your team, you ain't alone here  
Reality, diamonds and rings, we make 'em all stare  
Just wait till tomorrow (Uh)  
We reset the bar (Yeah)

We ain't got time to waste  
Tell me a time and place  
You can be miles away  
I'll be there right away  
You could be my escape  
Just say the word, baby, I'll come where you are  
Gotta love who you are, babe  
So you love me, I'll show you lovely (Oh)  
I pray to God that she admit that she for me (For me)  
I show you lovely, it ain't above me (Above me)  
I can't resist, I can admit that she the one for me, mmm-mmm-mmm (Ooh)

(Oh) Ain't a cost, baby, I've paid my dues (Dues)  
They were false always, girl, you know I'm true (True)  
We got somethin' so special, it's new (New)  
I choose you, you, you-you-you-you (Yeah, yeah yeah)  
Show you right, baby, I'm here (Here)  
Uh, do you right, baby, it's clear now (Now)  
She got the eyes, oh, I'm invested, oh, yeah  
If she a princess, make her a queen, yeah

We ain't got time to waste (No)  
Tell me a time and place (Oh-whoa)  
You can be miles away (Miles away)  
I'll be there right away (Right away)  
You could be my escape  
Just say the word, baby, I'll come where you are  
Gotta love who you are, babe  
So you love me, I'll show you lovely  
I pray to God that she admit that she for me (All for me, love, yeah)  
I show you lovely, it ain't above me (Above me)  
I can't resist, I can admit that she the one for me, mmm-mmm-mmm (Ooh)
