

# Moonlight

Arin Ray

Drank up  
Keep her dripped up  
Now she on stuck  
Bent back  
Can you see it's up?  
Now she on stuck

Moonlight  
Moonlight on a bayside  
Yeah  
New vibes  
Few vibes for the late night  
She said, "Watch me do some things with my friends"  
And I think it's cool

Drank up  
Keep her dripped up  
Now she on stuck  
Bent back  
Can you see it's up?  
Now she on stuck

Damn  
Ooh, she wildin', wildin'  
She was quiet, now it's private  
I don't want no silence  
Ain't no clothes, no stylist  
Let's do somethin', make it top five

Switchin' positions, I'ma go with the feelin' for you  
She know how to act for me  
Baby, throw it back for me  
Back, back, back for me  
Back, back for me

Moonlight  
Moonlight on a bayside  
Yeah  
New vibes  
Few vibes for the late night  
She said, "Watch me do some things with my friends"  
And I think it's cool

Drank up  
Keep her dripped up  
Now she on stuck  
Taste that  
We could switch up  
Now she on stuck

Put that ass on me it's 'bout to go  
I wanna see a fuckin' show  
Baby been a freak  
See she came here in with no panties on  
Had to turn the cameras on  
You know she like her visuals  
And I like, it's so intensional

I like it so, I like it so, I like it so, I like it so

Switchin' positions, I'ma go with the feelin' for you

She know how to act for me

Baby throw it back for me

Back, back, back for me

Back, back for me
