

Ms. Frustration

Arin Ray

Looking out the rear-view mirror
Wonder why we can't go forward
You got four years, two kids, and a foreclosed mortgage on your
shoulders
All that bull that you put up with, would have sworn you was a
Taurus
You just wanna be heard like a tree falling in the forest, and
I'm all for it

'Cause they bring you pain
I'm not the same
Hearts ain't gon' break
This time
I'll keep you safe
From anyone that don't deserve you

Just wait for me
It is all I can take of it
Don't do nothing but
Wait for me
Like what more can you take from me?

I love the way we operate
It makes you contemplate
But that's the way I do
Just the way I do
This ain't a race that you can win
So much ain't set in stone
That's the way I move
Just the way I move

You think I'm out of control
Just being honest, just being me
Yeah
It's just the way I, I wrote this, babe

Just being honest, just being me
Ms. Frustration can

Wait for me
It is all I can take of it
Don't do nothing but
Wait for me
Like what more can you take from me?
