

Old School

Arin Ray

Hey, no

Like an old school dance
Drop fifty on an old school dance
Might have seen me with the old crew, yeah
Enough said we ain't playing no games
I tell my main bitch to meet me here
Shawty trippin' but I gotta have her
Shoutout to my dark cool lady
We gon' get it how you wanted to

After all this time
Let's enjoy our lives
Don't take shit personal
Just remember the times
Just remember the nights that you know

I keep an old school vibe for the summer, yeah
I keep an old school vibe for the summer, yeah
I keep an old school vibe for the summer, no no
I keep an old school vibe for the summer, yeah
I keep an old school vibe for the summer

And that's my old school thang
Might see her in the all white thang
First lady she get all the nice thangs
See them fifty in a whole new lane
I know she right just for me
You betta keep it low key
I feel like I get the keys
Just put me where I need to be
What's real love?

After all this time
Let's enjoy our lives
Don't take shit personal
Just remember the times
Just remember the nights that you know

I keep an old school vibe for the summer, yeah
I keep an old school vibe for the summer, yeah
I keep an old school vibe for the summer, no no
I keep an old school vibe for the summer, yeah
I keep an old school vibe for the summer

Old school vibe, old school vibe
Old school vibe, old school vibe
Keep an old school vibe
