

## Roses

Arin Ray

(If you don't) like these roses  
Send 'em back to me  
(If you don't) like those roses  
Send 'em back to me

It's so amazing, uh  
Everything but the basic, uh  
Hip crib with the spaceship, uh  
Ridin' round with no faces, uh  
Look, oh it's amazing, uh  
Big things out the basement, uh  
The way the shit been changing, uh  
New feel, new places  
But I ain't never been wrong for tryna be with' you alone  
For tryna see what the deal is, never tryna see what the real i  
s  
The real ain't in you, uh  
So do what you do, uh  
'Cause if I'm a dog, uh  
Then what are you?

If you don't like these roses (Roses)  
Send 'em back to me (Send 'em back, baby, yeah, send 'em back,  
baby)  
If you don't like those roses (Said, send 'em back to me, yeah)  
Send 'em back to me (Send 'em back to me, send 'em back to me)

One day you'll find that this was your best bet  
Know you'll think of roses  
Send 'em back to me, send 'em back to me

One day you'll find that this was your bet  
Know you'll think of roses  
One day you'll find that this was you're bet  
Know you'll think of roses
