

Set It Off

Arin Ray

Sex on the beach
Sex after work
Sex over here
Sex over there
Rock you to sleep
Rest on my chest
You've never felt this understood

Lessons to teach
Trial and error
Lost at sea
It's wet everywhere, yeah
She's talkin' to me

We're finally close, no need to rush it
Girl, all these roses ain't for nothing, yeah
You better know

(That's what it's supposed to be
It's not just sex to me, it's
It's love, ecstasy, it's
Mental telepathy)

Make a scene all on me
Set it off (I'm grateful)
Make a king out of me (I'm thankful)
Take it off
Oh baby, yeah, yeah

Sex on the beach
Sex after work
Sex over here
Sex over there
Rock you to sleep
Rest on my chest
You've never felt this understood

Lessons to teach
Trial and error
Lost at sea
It's wet everywhere
It's wet everywhere
