

## With Or Without

Arin Ray

If we live like we're supposed to  
And we take time to go through  
We live life to go through shit, yeah  
It takes time to find love  
But it takes two to combine love  
You can't let life go through us, no

But you gon' tell me  
That you're not happy  
That you are better off  
Without my love, no, no  
How you gon' tell me, yeah  
That you're not happy?  
That you are better off  
Without my love

Without my love, love, love  
My love, my love, my love  
Without my love, love, love  
My love, my love, my love  
Without my love, love, love

If we live like we're supposed to  
And we take time to go through  
We live life to go through shit, yeah  
It takes time to find love  
But it takes two to combine love  
You can't let life go through us, no

But you gon' tell me  
That you're not happy  
That you are better off  
Without my love, no, no  
How you gon' tell me, yeah  
That you're not happy?  
That you are better off  
Without my love

Without my love, love, love  
My love, my love, my love  
Without my love, love, love  
My love, my love, my love  
Without my love, love, love  
My love, my love, my love
