

Wildfire

Arion

The end has finally come
Well deserved, we were never in control
Saying "what is done is done"
The hypocrisy is what our kind is all about

Our whole world turned into a wasteland
This ain't a drill, this is happening right now
Our whole world burned to the ground
There is nothing to be done, there is no way out

It's time to face the truth
It's time to fade away

We love the way we lie
Live like we'll never die
It's time to face the truth
It's time to pay the price and fade away
The end has finally come
Enough was not enough
It's time to take a bow
It's time to fall
The wildfire burns

We're a failure, we are no remedy
There is no cure, we'll just have to face this
We're traitors, we are the enemy
We are the cause of our own extinction
Our own fault, it's unforgivable
Hell frozen over, this is out of control
Forsaken, no one can save us
There is nothing to be done, there is no way out

It's time to take a bow
It's time to fade away

We love the way we lie
Live like we'll never die
It's time to face the truth
It's time to pay the price and fade away
The end has finally come
Enough was not enough
It's time to take a bow
It's time to fall
The wildfire burns

We love the way we lie
Live like we'll never die
It's time to face the truth
It's time to pay the price and fade away
The end has finally come
Enough was not enough
It's time to take a bow
It's time to fall
The wildfire burns
