

## Where I Wanna Be

ARIZONA

I build my love like a castle in the sand  
And when it comes down, it comes tumbling to the ground  
And when she speaks, it's a dangerous fantasy  
That sets me free to where I wanna be

She sets me free to where I wanna be, I wanna be  
She sets me free to where I wanna be

And her hair blows like a lighter in the wind  
And I lose my senses baby, it gets under my skin  
And when she speaks, she's all I'll ever need  
She sets me free to where I wanna be, I wanna be

She sets me free to where I wanna be, I wanna be  
She sets me free to where I wanna be, I wanna be  
She sets me free to where I wanna be, I wanna be  
She sets me free to where I wanna be

I build my love like a castle in the sand  
And when it comes down, it comes tumbling to the ground  
And when she speaks, it's a dangerous fantasy  
That sets me free to where I wanna be

She sets me free to where I wanna be, I wanna be  
She sets me free to where I wanna be  
She sets me free to where I wanna be, I wanna be  
She sets me free to where I wanna be, I wanna be
