

## everything sucks

Arjun Kanungo

Everything sucks, just kidding  
Everything is great, no really  
I haven't thought about my ex today, oh wait  
(Ugh, I just did)  
But I went outside for the first time  
In a few days and it felt nice  
And I might try doing exercise  
(Haha, not really)

I wanna forget my bad days, all my bad days  
And be okay, and be okay  
Spend my spare change down at the arcade  
And then I'll say, I'll say

Everything sucks, wo boli  
Bas yahi baat pe bottle kholi  
Lage jaise mujhpe hi likkhe  
Ho sab sad songs, lekin kyu?  
Rehena laga hua alone main mere zone main  
Thoda door hoon main mere phone se  
Tu kaha main pehele se kam sochta  
Achha waise kaha hain tu?

I wanna forget my bad days, all my bad days  
And be okay, and be okay  
Spend my spare change down at the arcade  
And then I'll say, I'll say  
I wanna forget my bad days, all my bad days  
And be okay, and be okay  
Spend my spare change down at the arcade  
And then I'll say, I'll say  
I wanna forget my bad days, all my bad days  
And be okay, and be okay  
Spend my spare change down at the arcade  
And then I'll say, I'll say  
Everything sucks

(Just kidding)
