

India To Japan

Arjun Kanungo

Main jaa raha
Unavailable!
Hoon network ke bahar, main untraceable!
(I'm leaving
Unavailable!
I'm outside your network, I'm untraceable!)
Tu phirse naraaz
And it's fine!
Joh mujhse khafa unki
Lambi hai line eh!
(You're angry with me again
And it's fine!
I'm not a people pleaser
The line of people who are not happy with me is long!)
Abse main first
Sapne hai pehele!
Tere feelings like sushi!
Chawaal se allergy jis ko
Nigalna padega Main Tokyo mein famous!
(From now on I'm first
My dreams are first
Your feelings are sushi!
Even if you're allergic to rice
You'll still have to swallow that I'm famous in Tokyo!)
You'll never hold me back
Main chad chuka takdeer ka jahaaz!
Yakeen tujhpe na
Bemaan pehene satya ka libaaz!
(You'll never hold me back
I've boarded the train on destiny!
You're acting like you have the best in mind for me
But you lie!)
Ab tu kya kahegi
Tu mane ya na maan
Na ban sakunga tera!
Ab Hai mujhpe mera dhyaan!
Main jaan toh gaya Tujhe
Pehchaan na saka
Dur tujhse jaana tha main aa gaya Japan!
(What will you say now
You don't have to agree with me
I can't be yours anymore!
Head down, I'm focussing on myself
I need time away from you and I'm going to Japan!)

Kitta majnu tang tu bada, meri jaan?
Ve kyun chhadd mainu kalli
Tu chala geyaañ Japan!
Yaadaañ teriyaan na dendiyaan ni mainu saun
Dil tod ke mera tu chala gaya Japan!
(Why do you annoy me so much, my love?
You left me alone
For japan
Your memories don't let me sleep
You left me heartbroken for japan!

Noru shinkansen to Tokyo!

Not all the stars are shining
But luckier!
Grind for my life!
Himeru yowami ga jibun no kachi!
To naruway of life
Day and night!
Kienaineon light
Yoribright!
(Shinkansen to Tokyo!
Not all the stars are shining
But luckier!
Grind for my life!
Your hidden weakness is your worth!
Become a way of life
Day and night!
Never-ending neon light
Brighter!)

Kōsō ni sun denaikedofly!
Gamen ni osamaranaiMy hype
Mata nigiru neta kudakiGrind!
(I don't live in a high rise, I fly!
Doesn't fit on a screen, My hype!
I crush everything, I Grind!)
Sushijanai
Mata yureru shikai
Demono bitches on site!
Ride with the vibe
We go World wide
Ima move it like Samurai!
(Not sushi
My field of vision sways again
But no bitches on site!
Ride with the vibe
We go World wide
Imma move it like a Samurai!)

Toida katana
In ma brain !
Matou yoroi mo sabite ku
Shōmonai ego ni mo akireru
So Imma Focus on myself!
(Sharpened sword
In my brain!
Even the armor I wear rusts
I'm amazed at the useless ego
So Imma Focus on myself.)

Gehra hai yeh pyaar
Aur lamba yeh sitam!
Woh rishta jitna gehra
Utna gehra hai yeh gum!
Kal kisiko dil main firse de bhi du agar
Aaj na dooba main
Pigaya main samundar!
(This love is deep
And longer the pain!
This sadness is as deep
As our bond
Even I give this heart to someone else
Today I didn't drown
But I drank this ocean!)

Kitta majnu tang tu bada, meri jaan?
Ve kyun chhadd mainu kalli
