

Curious

Ark Patrol

Breathing in the smoke from your cigarette
I've been there before I'm not going back
Feel it getting close hide my shaking hands
And I see it looking at me draw me in like a magnet

Always got a girl wrapped inside your arms
Always know the words 'cause you got that charm
Feeling like a curse 'bout to break my heart
Oh you saying that you want me should I stay or start running

I think of you and my heart beats faster
But this could only end in disaster
You're like poison in my wine
Should pour it out but I'm
Curious what happens when your lips meet mine

I'm curious
I'm curious
I'm curious
Lips meet mine

Think that I'm naive falling in your trap
Think that when you leave you won't want me back
Maybe I'm intrigued but that's all you have
Oh you're saying that you want me should I stay or start running

I think of you and my heart beats faster
But this could only end in disaster
You're like poison in my wine
Should pour it out but I'm
Curious what happens when your lips meet mine

I think of you and my heart beats faster
But this could only end in disaster
You're like poison in my wine
Should pour it out but I'm
Curious what happens when your lips meet mine

I am not a radio here for your entertainment
Darling if you want a show you better change the station oh
I don't know why I think it could be something more oh no
I don't know why I'm sitting, waiting, wishing for ya

I'm curious
I'm curious
Curious
Curious what happens when your lips meet mine

Curious
I'm curious
Oh, curious
Curious what happens when your lips meet mine

Curious
I'm curious
Oh, curious
