Ark Patrol

I don't need to tell you that it's over
You can probably see in the way I stare
And you know if I come any closer
This is gonna be too much for us to bare
I don't need to tell you that it's over
You can probably see in the way I stare
And you know if I come any closer
This is gonna be too much for us to bare

Cause I love you all the time boy
Got you on my mind boy
Never gonna stop, give it up
Cause you're mine boy
Love you all the time boy
Got you on my mind boy
Never gonna stop, give it up
Cause you're mine boy

Let me tell you something
You're everything to me, yeah
You don't owe me anything
This is where I wanna be, baby
Let me tell you something
You're everything to me, and
You don't owe me anything
This is where I wanna be

Cause I love you all the time boy
Got you on my mind boy
Never gonna stop, give it up
Cause you're mine boy
Love you all the time boy
Got you on my mind boy
Never gonna stop, give it up
Cause you're mine boy

Cause I love you all the time boy
Got you on my mind boy
Never gonna stop, give it up
Cause you're mine boy
Love you all the time boy
Got you on my mind boy
Never gonna stop, give it up
Cause you're mine boy
