

Baby
You were never in the best of light
You were only in the best of life (oh yeah)
Maybe
You could find me in another life
You could make me into somebody new
All I
Want is to be with you today
We could make it so you love somebody too, true
You see through
So gimme somebody I want to be
Turn me into someone new through voodoo

I'm here, let's go
We've traveled far too slow
We're gonna miss the train for sure
Okay, give up
Release and just have fun
We'll try not to remember it
You won this time
One day you will be mine
And I will be forever yours
For now, I'll take
Whatever I can make
Exploit it just to open doors
