Tired of Being an Object?

Ark

-Are you tired of being an object?
Or did you never get the chance to be one,
And now you wanna make sure there's no fun
Youve been missing
-Are you tired of being an object?
Or are you just jealous that you aint one,
Now you realized that those objects
Do all the kissing?
Well don't project your spleen
On the girl on the magazine
-you never know,
Maybe she's feeling quite comfortable
The only human right for which im
Gonna fight
Is everybodys right to sometimes feel
Irresistible
-uh-oh, maybe it's you who need
Confidence?
-maybe it's you who need real friends?
Well she dosent need your voice
Cause she's already got one
And though she dosnet push
With as much force
It can even be stronger than yours
When she uses it
In a sensi-sensi-sensual whisper
Well don't project your bore
On the girl on the dance floor
-she dosent at all find
The mens looks abusive
She dosent want your shield
-maybe she's the one whos free
-maybe sometimes getting fucked
Can be amusing...?
Well don't project your bore
On the girl on the dance floor
-don't project your bile
On the girl you can dial
She dosent want your shield
-maybe she's the one whos free
-maybe sometimes getting fucked
Can be amusing...?
