

Left Is Best

Arkarna

You're behind the camera
Never in the picture
Capturing a moment
You'd pay to forget
Moving out of focus
Don't forget to notice, me

Lets turn the conversation round turn it upside down and don't
leave me waiting
So change the tune, It's wearing thin
There's 1 way out and that's further in

You and me, standing here like this wondering If anythings gonn
a happen
Between us at all i'm serious oh you got me up against a wall
I don't know if I can take it, oh yeh, I'm gonna end up breakin
g it,
I don't even know how, I'm holding myself down
Cut the transmission

You can talk yourself into believing
You can lie to yourself if you like
Nothing worth having comes that easy
To appreciate it, work for it

Relax and take your time coz it worth it
but i'm out of my depth on the surface
I wish my comfort zone
Farewell now i'm on my own

I turn left coz left is best that's right, you know it makes se
