

Dance With You

Arkells

Everyone that I know
Wanna dance with you
Everyone that I know
Wanna dance with you
And I do too

On s'était vus, au loin, enfin
Ta peau brillait sous les reflets
Des miroirs au ciel qui abîmaient
Nos rêves, nos lendemains

Tes pas de danse, dansaient vers moi
Mes yeux criaient, c'est mon cœur qui bat
Les autres se mouvaient pour tes tendresses
Mais c'est moi à qui tu t'adresses

Everyone that I know
Wanna dance with you
Everyone that I know
Wanna dance with you
And I do too

Everyone that I know
Wanna dance with you
Everyone that I know
Wanna dance with you
And I do too

And I do too
And I do too
And I do too
(And I do too)

I saw you sitting at the restaurant
A fancy bottle from the bottle shop
You could have it any way you want
It's true

Said that you were working in Japan
And I don't know where it's gonna land, ooh
It's complicated but I understand
No rules, no rules

Everyone that I know
Wanna dance with you
Everyone that I know
Wanna dance with you
And I do too

Everyone that I know
Wanna dance with you
Everyone that I know
Wanna dance with you
And I do too

Wanna dance with you
Wanna dance with you

And I do too

Wanna dance with you

Wanna dance with you

And I do too
