

## The Ominous Circle

**Arkhn Infaustus**

Here under the vaults of the bizarre idol's church  
Demons, whores and worshippers unite in the mass of the flesh

Rise! Satanus...

Sucked by the youngest whore  
I stand before the altar  
I rip apart a goatskull  
And say your name... The great god of hell

Rise! Satanus...

And now from the top of the world  
I call the gods of the profoundest pit  
Arise now, as we all gather  
Aeons of hell... our time has come at last....
