

## chapter eight: evidence based

Arlie

Back with another update on the missing person situation  
Local genius and quantum botany researcher, Emily Lemaitre, has  
been kidnapped!  
Olice have confirmed that fingerprints found at the lab belong  
to none other  
Than the visionary indie bedroom rock artist known as Arlie  
Evidence at the lab showed signs of a violent struggle  
Nothing says 'my best songs are behind me' like crimes against  
women!  
Hey, if my last hit was from 2018 I might try kidnapping too!"

What are you doing?  
Why are you still holding back?  
Have you forgotten what they did to us?  
What they said?  
They think you're a monster  
Prove them right!
