

chapter five: entanglement

Arlie

Hey baby I just wanted to send you a message
I love you I miss you I love you
I'm gonna pull an all nighter here
I haven't eaten in ten hours like
I'm gonna eat but something is happening right now
There's no one here but me dr Halverson went home
I just have a hunch about this
I hit one of these cells with an electrical pulse
And a distinct specimen across the lab reacts instantaneously
Like down to the nanosecond, you know?
It's

It's like us, Arlie

We're linked together!"
