

Gonna reset my computer
I'm gonna restart everything
I'm gonna go back where I started from
To the default setting
I'm gonna rewrite over the hard drive
I'm gonna pull out all the cords
I'm gonna forget all about myself
Yeah, I don't need it anymore

Cause I'm so sickk
Of fight or flight (fight or flight)
All the time (all the time)
Fight or flight (fight or flight)
All the time (all the time)

And I'm so sickk of it
I'm so sickk of it
I can't take anymore

Take a truck load over to goodwill
Of all the clothes I never wear
Take the stupid posters off my walls
I'm gonna grow out my hair
I'm in a new house, I'm gonna get thin
I'm gonna work out every day
I'm gonna run hard 'til my legs give in
I'm gonna push you away

(Fight or flight)
All the time (all the time)
Fight or flight (fight or flight)
All the time (all the time)

And I'm so sickk of it
I'm so sickk of it
I can't take anymore
And I'm so sickk of it
I'm so sickk of it
I can't take anymore

(I can't take anymore)

And I'm so sickk of it
I'm so sickk of it
I can't take anymore
And I'm so sickk of it
I'm so sickk of it
I can't take anymore
