

Devil And The Deep

Arlissa

Shame
Somethings have to wait
Sometimes people change, but
You don't have to worry, baby
Never heels the pain
We're lost in the rain, but
you don't have to worry babe

No, we may not be free
Things aren't what they seem
We're lost between the devil and the deep

Take me there, take take me there
Take me there, take take me there
This is what we have between the devil and the deep
Won't you take me there, take take me there?

Flames burning threw our days
Heat is what we crave
So you don't have to worry, babe
Why do we need the light
We can go in blinds
So you don't have to worry, babe

Now we may not be free
Things aren't what they seem
We're lost between the devil & the deep

Take me there, take take me there
Take me there, take take me there
This is what we have between the devil and the deep
Won't you take me there, take take me there?

Now, we may not be free
Things aren't what they seem
We're lost between the devil and the deep
Now, we may not be free
Things aren't what they seem
We're lost between the devil and the deep

Take me there, take take me there
Take me there, take take me there
This is what we have between the devil and the deep
Won't you take me there, take take me there?

Take me there, take take me there
