

Don't Do It!

Arlissa

If you se-, if you se-
If you see me cruising with my friends
Don't do it
If you tryna hit it with a text
Don't do it
Baby, treat yourself with some respect
Don't lose it
Baby, don't do it, baby, don't do it

If you see me cruising with my friends
Don't do it
If you tryna hit it with a text
Don't do it
Baby, treat yourself with some respect
Don't do it
Baby, don't do it, baby, don't do it

You say that I'm changing 'cause I look amazing
Time that you're wasting
'Cause you only hit me on your worst days
And ain't no XO's for my exes

And I found my way back up
With a little help from my friends
Guaranteed that I love myself
There's no way I can slide you in
'Cause you know how this shit goes
Lay low and stick to the code

If you see me cruising with my friends
Don't do it
If you tryna hit it with a text
Don't do it
Baby, treat yourself with some respect
Don't lose it
Baby, don't do it, baby, don't do it

If you see me cruising with my friends
Don't do it
If you tryna hit it with a text
Don't do it
Baby, treat yourself with some respect
Don't do it
Baby, don't do it, baby, don't do it
