

# Healing

Arlissa

Wish I could've found the words to say  
Wish I could've given what you gave  
'Cause we could've loved, we could've been something  
But not if I'm broken

And I know that you love me but I don't think I'm ready  
Found me in a bottle  
Oh, I thought I needed someone I could run to  
Oh, run to, oh  
But I need healing, I need healing

I need healing

Promise this'll be the worst of it  
Hope I didn't break the best of you  
'Cause it could've worked if I was heartless  
But let me be honest

And I know that you love me but I don't think I'm ready  
Found me in a bottle  
Oh, I thought I needed someone I could run to  
Oh, run to, oh  
But I need healing, I need healing

I need healing, I need healing  
I need healing, I need healing

Wish I didn't have to say goodbye  
And I know you see it in my eyes  
But I don't know how to make it right  
'Cause I need healing

And I know that you love me but I don't think I'm ready  
Found me in a bottle  
Oh, I thought I needed someone I could run to  
Oh, run to, oh  
But I need healing I need healing

I need healing, I need healing  
I need healing, I need healing
