

# House Of Cards

Arlissa

Take all your plans and break them  
They never turned out like you made them  
And the stories that we're sold only fill us up with hopes  
In the end, all we do is replace them

I'm all shook up  
My cup is tipping over, mmm  
And all my dreams are overflowing  
Upon this wooden floor

I guess I'm tryin' to tell you, oh  
It don't have to be this way  
But if you build a house of cards  
It's always gonna break

La la la la, la la la la la la la la  
If you build a house of cards  
Then it's always gonna break  
La la la la, the winds are always gonna change  
If you build a house of cards  
Nothing ever stays the same

Forget what your parents told ya  
Don't have to grow old 'cause you're older  
You'll find love, you'll find hate, then you'll lose and try again  
Just don't let your heart grow colder

I'm all shook up, ooh (All shook up)  
My cup is tipping over (Cup is tipping over)  
And all my dreams are overflowing, yeah (Overflowing)  
Upon this wooden floor

I guess I'm tryin' to tell you  
It don't have to be this way, yeah  
But if you build a house of cards  
It's always gonna break

La la la la, la la la la la la la la  
If you build a house of cards  
Then it's always gonna break  
La la la la, the winds are always gonna change  
If you build a house of cards  
Nothing ever stays the same

La la la la, la la la la la la la las  
If you build a house of cards  
Then it's always gonna break  
La la la la, the winds are always gonna change  
If you build a house of cards  
Nothing ever stays the same

Oh  
Be brave (Be brave)  
Hold tight (Hold tight)  
Though the world keeps spinning  
Don't close (Don't close)  
Your eyes (Your eyes)

Or you just might miss it (Yeah)

Be brave (Be brave)  
Hold tight (Hold tight)  
As the world keeps spinning  
Don't close (Don't close)  
Your eyes (Your eyes)  
Or you just might miss it (Yeah)

Be brave (Be brave)  
Hold tight (Hold tight)  
And as the world keeps spinning  
Don't close (Don't close)  
Your eyes (Your eyes)  
Or you just might miss it

Be brave  
Hold tight (Hold tight)  
And as the world keeps spinning  
Don't close your eyes

La la la la, la la la la la la la la  
If you build a house of cards  
Then it's always gonna break  
La la la la, the winds are always gonna change  
If you build a house of cards  
Nothing ever stays the same

La la la la, la la la la la la la la  
If you build a house of cards  
Know that nothing stays the same
