I Surrender

Arlissa

Who am I without a name
Oh are you there?
Oh are you there?
If I didn't have this face
Oh, would you care?
Oh, would you care?

Oh I've been waiting for an answer
Did I ever stand a chance?

Why does it rain on me?
Oh why'd you have to go and make it so hard
I surrender
So let it rain on me
I'm tired of trying to find a place I can hide
This is my life

Give me a sign to make it right
Is this how it is are we... for life
Give me a sign to make it right
Is this how it is are we... for life

Why does it rain on me?
Oh why'd you have to go and make it so hard
I surrender

Is there something I have missed?
We're surrounded by people so why are we lonely?
Please don't tell me this is it
There has to be something, so don't we mean something

Oh I've been waiting for an answer
Did I ever stand a chance?

Why does it rain on me?
Oh why'd you have to go and make it so hard
I surrender
So let it rain on me
I'm tired of trying to find a place I can hide
This is my life

Give me a sign to make it right
Is this how it is are we... for life
Give me a sign to make it right
Is this how it is are we... for life

Why does it rain on me?
Oh why'd you have to go and make it so hard
I surrender

Why does it rain on me?
Oh why'd you have to go and make it so hard
I surrender

So let it rain on me
I'm tired of trying to find a place I can hide
This is my life

Give me a sign to make it right
Is this how it is are we... for life
Give me a sign to make it right
Is this how it is are we... for life
Give me a sign to make it right
