

Losing Me

Arlissa

If I go
Tell me would it make it better
I don't know
But loving you is losing me

You know you love me way too hard
Can't handle life when we're apart
Baby, you're breaking down my heart
We can't sustain this for too long
Lost in the window of your soul
Feel like I'm losing my control
You think you love me like you love me
And you say you do

If only you could save me
Let me go
Let me go
If nobody can save me
Let me go
Let me go

How can we love ourselves more? Please
Instead of the term, "How can we love ourselves more?", I'd like to ask, "How can we accept ourselves more?"

You know you love me way too hard
Can't handle life when we're apart
Baby, you're breaking down my heart
We can't sustain this for too long
Lost in the window of your soul
Feel like I'm losing my control
You think you love me like you love me
And you say you do

If only you could save me
Let me go
Let me go
If nobody can save me
Let me go
Let me go

Ooh
If I can't
If I can't
If I can't have you
I don't need
I don't need
I don't need
I don't need somebody new
Ooh
If I can't
If I can't
If I can't have you

If only you could save me
