

Just Like The Rest

Arlo McKinley

I should have known that you'd slip away
Just like the rest
I should have known that you would be another test
Just to see how far my heart has come
And how I'm living now that lovin's done
I should have known

I should have known that this love of ours wouldn't last long
I should have known that you were nothing more than a song
That I'll sing from the top of my lungs
About living when the lovin's done
I should have known

I'll be around if you ever find me on your mind
But I still remember when I told you I loved you
You said you felt nothin' at all
I should have known that this love of ours wouldn't last long
I should have known when the morning came you would be gone
Now you've seen how far my heart has come
And how I'm livin' now that lovin's done
I should have known
