

## Place To Sleep

Arlo McKinley

We win and we lose sometime  
I've had enough, where will I go tonight  
I'll find drink, drink finds me

Give me a light a lift a buzz give me a seat  
Give me a house a home a couch a place to sleep  
I can move to get away from truth  
Unhonest who am I lying to  
And it's hard we have no control

Give me a hint a line a kiss upon the cheek  
Give me a house a home a couch a place to sleep  
Give me a light a lift a buzz give me a seat  
Give me a house a home a couch a place to sleep

And it's hard we have no control  
Give me a hint a line a kiss upon the cheek  
Give me a house a home a couch a place to sleep  
Give me a light a lift a buzz give me a seat  
Give me a house a home a couch a place to sleep  
A place to sleep

And it's harm we have no control  
Give me a light a lift a buzz give me a seat  
Give me a house a home a couch a place to sleep  
Give me a hint a line a kiss upon my cheek  
Give me a house a home a couch a place to sleep  
A place to sleep
