

Whatever You Want

Arlo McKinley

I'd gladly drown with you out in the sea
Whatever you want
Whatever you want
I could get sober and try to stay clean
Whatever you want
Whatever you want

Whatever you want me to be
Then that's what I'll be
Wherever you want me to be
Then that's where I'll be waiting for you
If you want me to

'Cause I'll be your lover or I'll be your best friend
Whatever you want
Whatever you want
I can leave in the morning or stay till the end
Whatever you want
Whatever you want

Whatever you want me to be
Then that's what I'll be
Wherever you want me to be
Then that's where I'll be waiting for you
Only if you want me to

'Cause I'd gladly drown with you out in the sea
Whatever you want
Whatever you want
