Ho, mind your business, it's flash mob

Flash mob
That was the name that they decided when society had ghosted us
Made us villains before we even knew ourselves
Bunch of kids runnin' from reality (Niggas)
A flash mob used to feelin' our own
Inflict pain instead of fixin' my own
I know my errors don't exist in this world
The only difference now is I'm not alone

Flash mob, flash mob, flash mob, flash mob
Flash mob, flash mob, flash mob, flash mob
Flash, flash, flash, flash, flash

We haven't heard about flash mobs like this in a long time
I need a topic, yeah, yeah
I need a dropic, yeah, yeah
Your homie got popped (Miss)
Fuck, spin through the block again, yeah
I need a topic, yeah, yeah
I need a dropic, yeah, yeah
Your homie got popped again
They know what I do with this block again, yeah
Hustle, live, flash, die, flash mob, flash mob, yeah
Live, flash, die, flash mob, flash mob, yeah
Live, flash, die, flash mob, flash mob, yeah
Live, flash, die, flash-
