

## Do Right

Armin van Buuren

Got to do right by your woman  
Or she'll leave you for another  
Buy her flowers every color  
Oh no don't be like me brother  
Oh no no

Had a girl was mighty fine  
Should've bought her rings  
And should've bought her wine  
But I went down the county line  
Did the same old sin about a hundred times

Got to do right by your woman  
Or she'll leave you for another  
Buy her flowers every color  
Oh no don't be like me brother  
Oh no no

Do right by do right by your woman  
Do right by do right by your woman
