

# High on Your Love

Armin van Buuren

So the world's gone mad, but it's your hand I'm holding onto  
You write my name across the sky whenever I'm with you  
And if I fall I know, I know that you got me  
Though I don't care how high, how high that you take me

Oh that feeling keeps coming around  
Like we're floating ten feet off the ground  
Cause I get high on your love  
Your love  
Your love  
Yeah I get high on your love  
Your love  
Your love

Oh that feeling keeps coming around  
Like we're floating ten feet off the ground  
Cause I get high on your love  
Your love  
Your love  
Yeah I get high on your love  
Your love  
Your love

All the nights without you that I don't want to remember  
Like it was always written in the stars that we were together  
I love that rush so much I just want to taste it  
You're like a drug; on you, I want to get wasted

Oh that feeling keeps coming around  
Like we're floating ten feet off the ground  
Cause I get high on your love  
Your love  
Your love  
Yeah I get high on your love  
Your love  
Your love

Oh that feeling keeps coming around  
Like we're floating ten feet off the ground  
Cause I get high on your love  
Your love  
Your love  
Yeah I get high on your love  
Your love  
Your love

Cause I get high on your love  
Your love  
Your love
