

Didn't they teach you?  
Everything's okay if you settle enough?  
Forget your dreams  
Let's pretend I'm everything you want me to be

Complicated breathing  
You never had the guts just to throw me away  
Life moves slow  
When everything's a worse version of what you need

And I'm just the ground  
That you happened to fall on  
When you lost your balance walking around in the rain  
And you got to your feet  
Scratched your head and started to gather  
The life that you dropped all around me

I can't fight for a graveyard anymore

Some people have their money  
To keep their legs pumping away at the ground  
What moves me is fear  
That I'll always be alone at the end of the day (at the end of the day)

And I'm just the ground  
That you happened to fall on  
When you lost your balance walking around in the rain  
And you got to your feet  
Scratched your head and started to gather  
The life that you dropped all around me

I can't fight for a graveyard  
I can't fight for a graveyard anymore

I'm just the ground  
That you happened to fall on  
I'm just the ground  
I'm just the ground  
I'm just the ground

And I'm just the ground  
That you happened to fall on  
When you lost your balance walking around in the rain  
And you got to your feet  
Scratched your head and started to gather  
The life that you dropped all around me

I'm just the ground  
I'm just the ground  
I'm just the ground  
I'm just the ground

I can't fight for a graveyard anymore
