

## Stay on the Ground

### Armor for Sleep

I started looking out for myself today  
but then I stopped cause I don't care  
I'm feeling bored of feeling numb  
so now I'll stop cause I don't care

I started looking out for myself today  
but then I stopped cause I don't care  
I'm feeling bored of feeling numb  
so now I'll stop cause I don't care

so get it get it get it right  
I'm not holding on to a thing here  
get it get it get it right  
I'm not holding on and I can say now

holding your head up  
is hard when you just want  
to stay on the ground  
to stay on the ground  
(2x)

I started feeling bad for myself today  
but then I stopped cause I don't care  
I'm dreaming less and sleeping more  
but I'll sell my soul for the dream you stole

so get it get it get it right  
I'm not holding on to a thing here  
get it get it get it right  
I'm not holding on and I can say now

holding your head up  
is hard when you just want  
to stay on the ground  
to stay on the ground  
(2x)

About fifty years left of just waiting around  
put your heart on your sleeve and watch me pull it down  
About fifty years left of just waiting around  
put your heart on your sleeve and watch me pull it down

holding your head up  
is hard when you just want  
to stay on the ground  
to stay on the ground  
(3x)
