

# Ballrooms Of Versailles

## Army of Lovers

The ballrooms of Versailles  
Like dragons riding high  
We dance the nights away  
Life is glam and gay  
Fountains cry tokai  
At ballrooms of Versailles  
The gardens where we play  
The queen has gone astray  
Salute Czar Nicolai  
The night the party died  
At ballrooms of Versailles

Hail Knight in shining armor  
The emperor's decree  
The clock strikes midnight hour  
Arrive from gay Paris  
A world of games and duels  
And secret go-betweens  
Throw marks or pounds or rubels  
Pay life to share the scene

The ballrooms of Versailles  
Like dragons riding high  
We dance the nights away  
Life is glam and gay  
Fountains cry tokai  
At ballrooms of Versailles  
The gardens where we play  
The queen has gone astray  
Salute Czar Nicolai  
The night the party died  
At ballrooms of Versailles

A court of fallen angels  
Below the guillotine  
Betrayed by nightly rangers  
Doomed unforgiven sin  
The struggle of the classes  
The birth of bourgeoisie  
Beheaded by the masses  
By God that queen was me

The ballrooms of Versailles  
Like dragons riding high  
We dance the nights away  
Life is glam and gay  
Fountains cry tokai  
At ballrooms of Versailles  
The gardens where we play  
The queen has gone astray  
Salute Czar Nicolai  
The night the party died  
At ballrooms of Versailles  
Ballrooms of Versailles  
Ballrooms of Versailles
