

The Man And The Lion

Arno Carstens

See me in the morning time
When I say I come my way
See me in the morning
When I'm alive

When the flowers are beds
And the roses society I know why
See me in the mountains when I
See me in the morning time when I cry
Star light, star bright, star light

Oh mama, tell them I'm coming home for dinner now
Oh mama, I'm a man I'm a lion
Oh mama, tell them I'm coming home for dinner now
Oh mama, I'm a man I'm a liar

She said to me she's my body
She's love and forever
She said to me she is perfect
Just like love and clever
And I say, you can sing
See me in the morning time

When I'm alive
See me in the morning time
When I come again
See me in the morning time
When I am away

Money money star bright
Money money alright

Oh mama, I'm a man I'm alive
