

Bad Water

AronChupa

I see the dark clouds coming!
To fill the voice in my heart!
Say with me now
Say bad water (Bad water)
Say bad water (Bad water)
Say bad water (Bad water)
Say bad water (Bad water)
Say bad water (Bad water)
Now shake to the left (Shake it to the right)
Poor man's gift is a rich man's life
You wanna get loud, it's your God damn right

Don't take it too personal
Just have a good time (Have a good time)
God made that bad water
So it's fine

Don't take it too personal
Just have a good time (Have a good time)
God blessed that bad water
So it's fine

Don't take it too personal...

I want some good deeds in my case today!
Leave all yesterday's problems on the curb, now!
Take your spirit up high!
For the first time and the last

Say with me now
Say bad water (Bad water)
Say bad water (Bad water)
Say bad water (Bad water)
Say bad water (Bad water)
Say bad water (Bad water)
Now shake to the left (Shake it to the right)
Poor man's gift is a rich man's life
You wanna get loud, it's your God damn right
To testify!

Don't take it too personal
Just have a good time (Have a good time)
God made that bad water
So it's fine

Don't take it too personal
Just have a good time (Have a good time)
God blessed that bad water
So it's fine

Don't take it too personal...
