

# Blood of the Sphinx

Arrayan Path

Up on the hill, sits on the rocks  
Salvage the city, release me from harm  
Cold eyes of death, she won't forgive  
She will devour the kingdom of Thebes  
Monarchs and Queens, failed to resolve  
Only a wise intellectual soul  
Stare in her eyes, do not show fear  
Her ironic smile once the riddle you hear

Blood of the sphinx  
Blood of the sphinx  
Oh the Kings of war  
Kings of war, Kings of war

Blood of the sphinx  
Blood of the sphinx  
Oh the Kings of war  
Kings of war, Kings of war

Climbing the mountain he made up his mind  
Hiding his fear to save his own kind  
And there she stands, like a lion en garde  
Even the sirens would run from her far

Silence! She stands as she sees him approach  
The Chthonian creature takes out her claws  
Creature behold, the brave warrior  
Give me the riddle, I offer my soul

Blood of the sphinx  
Blood of the sphinx  
Oh the Kings of war  
Kings of war, Kings of war

Blood of the sphinx  
Blood of the sphinx  
Oh the Kings of war  
Kings of war, Kings of war

Desecration, her shadow disappears  
Destination, where evil lies above  
He's the warrior of ordinary people  
He's the saviour with an ordinary soul  
Golden wings and eyes staring at Thebes  
Time to flee, where the heroes heed their call  
He solved the riddle, she screamed in agony  
The eerie hybrid, she fell unto her death

War  
(Under the sun, the chosen one, they are the)  
Kings of war  
(Under the sun, the chosen one, they are the)  
Kings of war  
(Under the sun, the chosen one, they are the)  
Kings of war  
(Under the sun, the chosen one, they are the)  
Kings of war

(Under the sun, the chosen one, they are the)  
Kings of war
