

# Clepsydra

Arrayan Path

You had say  
all the things can be undone  
in all the ritual sacred wisdoms  
boys are born you'd gone

I remain  
on the better trust to die  
you think I'm not afraid  
you had love me, scared me,  
sometimes brought me, you thee

Sometimes you run  
my fallen one  
I am not the saviour  
life's feel just begun  
on other trade into the sky that I above  
you must close my eyes forever more

Your betray  
was our sons could pray to you  
black fever, pour son  
I am commanding you

The blade of swords  
on the lumitates of light  
will brings to you at abyss  
you had love me, scared me,  
sometimes brought me, you thee

Sometimes you run  
my fallen one  
I am not the saviour  
life's feel just begun  
on other trade into the sky that I above  
you must close my eyes forever more

Solo

Ahh ahh ahh ahh ahh ahh ahh

Sometimes you run  
my fallen one  
I am not the saviour  
life's feel just begun  
on other trade into the sky that I above  
you must close my eyes forever more

Sometimes you run  
my fallen one  
I am not the saviour  
life's feel just begun  
on other trade into the sky that I above  
you must close my eyes forever more
